The criteria of the selection of awardees is at the discretion of the Committee on PMA Awards.

VI. PMA AWARD FOR THE MOST ACTIVE COMPONENT SOCIETY IN CHILD ADVOCACY (initiated by Past President Perla D. Santos-Ocampo, M.D.)

1. The PMA shall give annually an Award for the Most Active Component Society in Child Advocacy
2. The award proceeds from the premise that the physician's role as guardian of health and welfare of infants and children and even of those yet unborn is not limited to preventive and curative medicine but extends to the continuing concern he or she should have for them as human beings entitled to the affection, care and protection of society and of the state. This responsibility of the physicians is most effectively exercised in collaboration with his colleagues in the medical profession banded together in component societies as child advocates.
3. As an organized group of child advocates, the component society may undertake activities of the following nature:
 - a. Education of the community in the health care of children and in active respect of their rights.
 - b. Work for the passage of national legislation and local ordinances for the promotion and protection of the child's right to health
 - c. Publication of articles, pamphlets, books, and other literature bearing on child advocacy
 - d. Measures for the prevention of child abuse in the community and the prosecution of the individuals and public officials responsible thereof
 - e. Institutional care for rehabilitation of abused children and of those improperly cared for by their parents
 - f. Measures taken to protect the youth against drug abuse or to protect children from addicted parents or guardians
 - g. Provision of recreational, hobby or library facilities for children as well as guidance, counseling in the premises
 - h. Coordination and collaboration with religious and civic organizations or authorities in the interest of child advocacy.
 - i. Other activities in the area of child advocacy
4. An entry to this contest shall be sent to the Committee on Awards by the President of the component society to reach the committee not later than March 15. This will be in the form of written report of the activity or activities in child advocacy undertaken by the component society. The report may deal with one or more of the activities mentioned in No. 3 above.
5. The criteria for judgment are:
 - a. Positive effect in the lives of the children covered by the activity 50%

- b. The difficulty of the work encountered by members of the component society in furtherance of the activity/ties 40%
- c. Possibility of replication of the achievement by other component societies 10%

- 5. Reporting and documentation 10%

IX. PMA AWARD FOR CONTRIBUTION TO MODERN MEDICINE
(initiated by Past President Modesto O. Llamas, M.D.)

Advances in Medicine in this country did not come easy. It required the enterprising and courageous efforts of our colleagues amid uncertainties, to venture on and introduce newly acquired knowledge, modalities and innovations. Without them, medicine in this country would not have been as advanced as it is today.

For these efforts which have gone unrecognized, however late it may be, PMA would like to accord them that due recognitions.

Categories:

- 1. Contribution to modernization of the practice of medicine
- 2. Personal or group invention, innovation of devices, techniques and practices

3. For institutions and organizations that have contributed:
 - 3.1 In terms of significant financial support or sponsorships of various organizational and or educational activities of the societies
 - 3.2 In term of actual or supportive efforts in the advancement of medicine specially in pioneering fields.
