Dear Dr. Calimag:

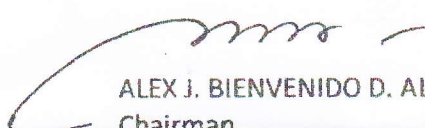

After thorough discussions and upon consultations with appropriate offices, the Committee on Affiliate Societies realizes that the proposed amendments to the Guidelines were not ratified by the General Assembly last May 22, 2014. Hence, the Guidelines for recognition as affiliate societies as approved by the Board of Governors on December 11, 2005 and ratified in 2006 stays.

The Committee, therefore, encourages all the nine societies to signify their intention to comply with the said Guidelines to attain Affiliate status.

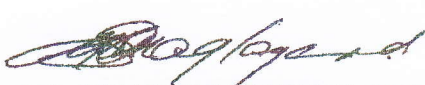

Further recognizing the need to address the concerns of these nine societies, the Committee recommends that a joint meeting with the Commission on Specialization and heads of the Specialty Divisions be convened with the objective of discussing possible mechanics to help the nine societies regarding their situation.

We hope that you find this in order. Thank you.

Yours truly,
