**Memorandum No. 2012-0610-002**

Warmest greetings !

I believe that most PMA members would prefer a loved, respected, united and revered PMA. The PMA must speak with one voice on issues affecting the members, health and medicine. I am sure you are one with me in this direction.

Allow me to inform you that, henceforth, only the President or his duly designated person will be the official spokesperson for the PMA, I appeal to everyone to please refrain from issuing any public statement in any form for and in behalf of the PMA, much more committing the PMA or the general membership without the approval of the president. We want to stay out of controversial issues unless under extreme necessity and only with the approval of the Board.

We must not commit the PMA in any issue that may be inimical to our organization.

For strict implementation effective immediately.

Thank you for your understanding, cooperation and support !

  
**MODESTO O. LLAMAS, M.D.**  
President
