Philippine Pharma & Healthcare Expo, the Largest Pharmaceutical, Medical & Healthcare Exhibition in Philippines will be taking place from 14 – 16 February, 2024 at the SMX Convention Center, Manila, Philippines. The exhibition will be the gateway to the South East Asian Business Community in Philippines. It is the premier exhibition series in this sector in the South East Asian region.

The international expo provides an immense opportunity to capture the untapped market of the South East Asian Region through Philippines. The show is jointly organised by the jointly by Uniglobal Exhibitions and ACE Group. It is one of the shows in the umbrella of upcoming shows being organized in the ASEAN region.

The event will be hosting Medical Professionals, Pharmacies, Hospitals, Health Organizations, Importers & Exporters, Decision Makers and Medical Practitioners of the ASEAN region in Philippines. Exhibitors from around 9+ countries will be participating in this exhibition looking to explore the untapped potential of the ASEAN market.
Philippines is the largest growing economy in the ASEAN region. The Philippines 2019 Universal Health Care Act and regulatory tax reforms open new avenues for the Indian pharmaceutical industry.

With the introduction of the Universal Health Care (UHC) Act alongside business and corporate tax regulatory reforms in the Philippines may open new avenues for the Indian pharma industry.

Global Data suggest the Philippines pharmaceutical market will grow to reach 241.9 billion Philippine Pesos (PHP), equivalent to $3.7 billion, in 2025 following the introduction of the UHC Act in February 2019, enabling the already high Indian pharmaceutical imports into the country to increase further.

As per report India was the top import partner of the Philippines in 2018, contributing 12.6 percent of the total pharmaceutical imports into the country. In 2018, generics accounted for 76 percent by volume of the total pharmaceutical market in the country.

Largest Upcoming Pharma, Medical and Healthcare show in ASEAN country Philippines

The Philippines pharmaceutical market was valued at $3.3 billion in the year 2020. The market is expected to grow at a CAGR of more than 1% during the period 2017-2026.

The Filipino pharmaceutical industry is one of the fastest-growing industries in the country and is home to over 14 of the world’s top 20 pharmaceutical companies.

The Philippines medical devices market was valued at $747 million in 2021. The market is forecast to grow at a CAGR of more than 8% during the period 2021-2023.

The major medical devices imported in the country are catheters, sutures, surgical masks, computed tomography (CT) scans systems, X-ray units, and ultrasound systems. Local production is limited to prototype units, spare parts (including improvised parts), and disposables such as surgical gloves, syringes, and needles.
